“ I chose to study at UCEM because of its esteemed reputation in the industry. UCEM's degrees are recognised by HKIS and RICS which means I am qualified to become chartered.

All the module leaders and tutors were very willing to help and I never felt alone during my studies. The VLE platform is very user-friendly so it makes studying more efficient which is very important for those who have little time to study each day after work.

Sustainability

Our sustainability commitment

“UCEM fully accepts its responsibilities to the natural environment and the global society. We are committed to driving forward the sustainability agenda and will play a positive and transformative role that will contribute to securing an economically, politically, environmentally and socially sustainable future.”

[View our sustainability pledges](#)

Teaching sustainability

Realising UCEM's sustainability potential goes beyond addressing day-to-day operations, to recognising our position to influence and educate industry professionals who design, develop and manage the built environment. Delivering academic excellence is one of UCEM's primary goals.

Recognition

UCEM is proud to have been the first alternative provider to be awarded the Responsible Futures accreditation by the NUS (National Union of Students). This highlights UCEM's commitment to promoting sustainability and social responsibility. UCEM was also recognised with a 'Highly Commended' accolade at the Green Gown Awards.

UN sustainability goals

The United Nations's Sustainable Development Goals (SDGs) outline 17 interconnected objectives in order to achieve a better and more sustainable future for all. These goals address the challenges we face as a planet, including poverty, inequality, climate change, environmental degradation, peace and justice.

The UN sets out to achieve these wide-reaching goals by 2030, and UCEM is working institutionally to achieve these goals where possible, as well as striving to incorporate them into our curriculum. We are currently in the process of mapping our curriculum to these goals, so check our website in the future for more information.

The UN's sustainability goals

1 NO POVERTY

2 ZERO HUNGER

3 GOOD HEALTH AND WELL-BEING

4 QUALITY EDUCATION

5 GENDER EQUALITY

6 CLEAN WATER AND SANITATION

7 AFFORDABLE AND CLEAN ENERGY
